Overview
Activity: Complete Identity Wheel

Instructions:

As explained in the online course, please consider your identities in relation to the numbered reflective questions listed in the legend below. Each question asks you to consider how you think about your identities. Each box on the wheel represents a different facet of identity. Type in the number that corresponds with each reflective question as it relates to a particular identity facet. The legend for each number association is as follows:

1. Identities you think about most often
2. Identities you think about least often
3. Your own identities you would like to learn about
4. Identities that have the strongest effect on how you perceive yourself
5. Identities that have the greatest effect on how others perceive you

For example, if you think about your ethnicity most often, and it's also an identity you'd like to learn about, you would enter 1 and 3 into the "ethnicity" text box, as shown below:

Ethnicity

1, 3
